Welcome

Ana Larrumbide
CEIAM director

Our goal is to leave nothing but footprints in our student's lives by offering a unique and unforgettable immersion in our culture, history and language.

Studying with us, will be an experience that student will not forget.

We are always aiming to be at the forefront of the latest methodological trends applied in education, and our Schools are committed to academic excellence.

We stand for tolerance and mutual respect, as well as the diversity of cultures.

We work with a different model of pupil-teacher relationship based on mutual respect as a fundamental value, which is very much appreciated by our students and their families. Consequently, we have happy students that feel motivated in this pleasant environment.

We make sure that learning and enjoyment will complement each other.

Our team

“

We deliver a truly unique and unforgettable experience.

We get the best out of each of the students every summer!!!

Our teachers are dedicated and enthusiast people who put their passion into what they do!

”

I love summer in Spain!

Our summer camps, are mainly for groups between 12 and 18 years old. These camps are available throughout the whole year.

Student will live not only a unique and a extraordinary experience but will also learn about our culture, history and customs.

Minimum stay of one week. Recommended 21 days.

We will visit the main museums, historical medieval towns declared World Heritage by the UNESCO, great shopping malls, beautiful beaches, unique villages and much more....

Best Summer Ever!

Our proposal is 21 days journey. However if you have less time, we will adapt the timetable to your ideal plan. Please also remember that

all the activities can be adapted to your needs or desires.

You will be able to see cities of more than 2.000 years of history such as Madrid, Segovia, Ávila, Toledo, El Escorial, Valencia, Peñíscola, Jávea, and many more.

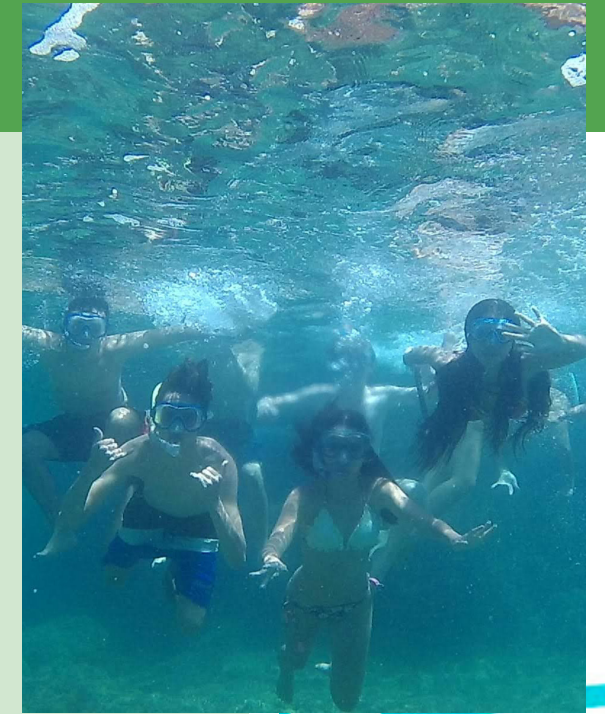

The geographical location of Iberian Peninsula, has turned Spain into a natural bridge between different cultures from Europe, Africa and the Mediterranean sea.

Spain was conquered by the Celts, the Greeks, the Romans, the Phoenicians, the Carthaginians, the Visigoths, the Muslims...

All these conquests did leave an incredible archaeological heritage that makes of Spain a unique land culturally wise.

Not to mention our food! The variety is also remarkable. There are multitude dishes coexisting together from different regions, like Paella valenciana, Andalusian gazpacho, Galician seafood, etc. Some of which you will have the opportunity and the pleasure to taste during this trip.
